### SOAP DISPENSER WITH ELBOW LEVER

SOAP DISPENSER WITH ELBOW LEVER is suitable for all those places particularly crowded like hospitals or kitchens, where it is essential to wash your hands frequently. The practical elbow lever, in fact, allows to get the amount of soap you want, without getting in touch with the dispenser.

Compatible with 1000 ml bottles.

To use the liquid wall soap dispenser with elbow lever, you need to obtain the specific dispenser.

#### INSTRUCTIONS FOR USE

Put your elbow near the lever and apply a light pressure.
